Board of Health

RE: LUB# 071 – Creating Better Days

A handwritten signature in black ink, appearing to be "M. Caputo", written over the "DATE:" line of the memorandum.

Please be advised the above application involves a **Cannabidiol (CBD) oil** establishment seeking approval to operate at a site formerly used as an electrical contractors office.

The LUB should be aware there is no current Board of Health licensure for this type of retail establishment. The BOH would license only if foods (ie, package snacks/candy etc) are sold. If CBD laced foods are sold then a food establishment license would be required.

If I can be of further assistance, do not hesitate to call 973-989-7050. Thank You.
